

Hi! I'm Jiyan Soylu

I was born in Istanbul in 1997. I completed my primary education in Istanbul and my secondary education in Mersin. I pursued my associate degree in Graphic Design at Akdeniz University from 2016 to 2018.

Since 2019, I have been actively working in both local and global markets. During this time, I have collaborated with various advertising agencies, worked with clients from different sectors, and mostly engaged in remote work, producing a variety of print and digital materials. Throughout this journey, I have continuously enhanced my skills in using Adobe Creative Suite and other graphic design tools. Currently, I am focusing on improving my expertise in UI&UX (User Interface and User Experience) design.
